'Freehanded' means where there is no support or contact from the partner or no contact with the floor with feet

An Arab Spring is not allowed because it is a combination movement between a cartwheel and a walkover. Death Dives are not permitted.' Should these moves be performed in a team's routine the routine will not be stopped, however, after the performance, the judges will make a note of any prohibited move and the team will be penalised for this. If the teams so wish to have a conductor they must be within membership age (must be 28 years of age or under on 1 September 2025 and a full member of a Club affiliated to the Wales YFC). The conductor would be in addition to the singers. Musical accompaniment. A maximum of one (1) member within membership age and holding a current membership card may be appointed to provide live musical accompaniment. This is in addition to the singers. Additional percussion instruments may be added by singers if wished.
	NOTES Choirs should consider the following: Choirs should think carefully about the quality and range of the music and its suitability for young developing voices e.g., extremes of range can lead to forcing the vocal chords for volume. It is important that the pieces chosen are well suited to the voices, both in terms of the technical requirements, range, words and pitch. Choosing repertory is regarded by most conductors as the hardest and most important decision of all. If a conductor is in any doubt about the suitability of a piece under consideration, we recommend that they seek advice from experienced choir directors working with young people: try the local secondary school or sixth-form College. Organisations such as "Sing for Pleasure" may be able to help members keen on choral directing, one-off singing days or workshops may be worth investigating at https://www.singforpleasure.org.uk

Contrasting Works

The own-choice work should show a clear contrast to Piece 1 in mood, style, period or a combination of these and other elements. The aim is to showcase your choir's abilities to the full. Suggestions for finding arrangements: local music shops or www.musicroom.com; www.sheetmusicplus.com.

Physical Movement / Choreography

This is a choral competition, which will be judged on the criteria listed below. If a choir decides to use movement, it should in no way undermine the quality of the choir's singing. It should be visually tasteful and appropriate. Although choreography is not one of the listed criteria, movements which enhance the overall impression will be credited. Movement that undermines the quality of choral singing, however, will result in the loss of marks. Movement within the performance must not include lifts; all competitors must ensure both of their feet stay on the floor at all times.

At the County and Area round of the competition:

Choirs may not be amplified at the County and Area rounds of the competition; however, choirs should check this with local organisers.

Choirs may bring amplifiers for instruments but should note that sound checks may not be possible. Choirs must provide a PAT certificate for any electrical instruments or equipment.

Organisers will advise ahead of the day of the competition of the amplifiers/AV equipment being provided for pre-recorded music.

A keyboard/piano availability should be checked with local organisers

Stepped rostra availability onstage should be checked with local organisers.

When Counties and Areas are organisers this type of competition, they must contact their local authorities to consider the local children's performing license requirements as different Council's do differ throughout the Country, and you must follow the rules at each stage of the Competition.
